## Indy South Flying Club looks forward to its new RC flying field

(SOUTHSIDER VOICE PHOTOS BY AL STILLEY) Indy South RC Flying Club president Chuck Baker, left, and longtime member Al Tucker of Whiteland check out planes at recent annual banquet at Dye's Country Club in Greenwood. The planes are Tucker's trainer and Baker's model WWII P47 Thunderbolt.

For the first time since the 2020 pandemic, the Indianapolis RC Flying Club South will have its full outdoor season at its new flying field located southeast of Greenwood.

The club opened its new Hurricane Creek Flying Field at County Road 700N and Hurricane Creek Road. After the lease ran out on the club's previous Rike Field site, club members used other flying fields in central Indiana including the Indianapolis RC Modelers Club's Blue River Airpark near Morristown and Camp Atterbury.

The club's new flying field consists of three acres and was developed by club members in spring 2023 with a level grass field, safety fence for spectators, a shelter, storage building, refurbished picnic tables, windsock, property signage, and other amenities. The field opened for a partial season in fall 2023.

Founded in 1972, Indy South has 75 members of all ages and professions ranging from active and retired truck drivers, mechanics, engineers, computer programmers, executives and more.

"Our RC flyers are from all walks of life," Indy South president Chuck Baker said. "This has been a hobby of mine since 1986. My uncle got me into it so we could do something together and have fun. It's a great stress reliever because you are focused on your airplane."

The club recently held its annual dinner at Dye's Country Club where Baker made a slide presentation on the development and opening of the new flying field. He alluded to numerous volunteers from central Indiana.

He recommends that anyone interested in RC plane building and/or flying contact him or a club member. There are a variety of fixed-wing RC airplanes available at various costs and interests. Flyers can build their own plane at a hobby shop, with a club member, or from a kit.

"We recommend anyone interested to call us," Baker said. "We can help walk them side-by-side

## Running for healthy water in South Africa

(SUBMITTED PHOTOS) Emmanuel Church on Stones Crossing parishoner Danita Castor felt a calling from God that she needed to help get healthy water to women and children in South Africa.

By Bob Kelly  
 Contributor

Southside resident Danita Castor runs not for her own life, but for the lives of others.

Castor has ran an impressive six-year journey to save the lives of countless women and children halfway around the world in need of clean water. To date, she's competed in 11 races and logged over 6,500 training miles raising money for the World Vision organization.

The irony to the entire journey is that Castor did not like running. In fact, she avoided it as much as possible before 2018.

Castor's journey began in 2018 after she heard someone speak about World Vision at Emmanuel Church on Stones Crossing in Greenwood. The message? Many countries experience a water crisis where people had to walk 4 miles to get dirty and unsafe water from a pond or watering hole.

Castor learned she could make a difference by raising money running in an upcoming half-marathon. Castor seized upon the opportunity and soon, one race led to another and another.

Last year, Castor was invited to run in the Comrades Marathon in South Africa to fight the root cause of child poverty by helping children find sponsors.

Castor said she was able to get 32 sponsors last year where each one donates \$39 a month to help the poverty-stricken children (and their community). She hopes through the help of the public that she doubles the number of sponsorships this year. "I was able to meet children in Ethiopia who have benefitted

*"I would run one race and then move on, but God didn't let my story end. It was at that time that I decided to participate in a 200-mile relay race with a team from World Vision in Oregon."*

– Danita Castor

Women and children in South Africa have to walk up to four miles to fill up jugs or bottles of dirty water.

# SUPER BOWL • SUNDAY AT 6:30 PM Indy No. 12 among nation's best cities for football fans

By **Al Stille**  
Editor

Indy ranks 12th among the nation's best cities for football fans, according to rankings released in a Super Bowl LVIII preview by wallethub.com.

The top five cities were Pittsburgh, Dallas, Green Bay, Los Angeles and Boston. Pittsburgh and Green Bay tied with "the most engaged fans" in the report.

The data compared cities with at least one professional or at least one college football team ranging from stadium capacity to fan engagement.

One analyst stated, "Deciding the best football cities ultimately comes down to a combination of how successful the cities' teams are, how easy it is for spectators to enjoy games, and how dedicated the local fanbase is."

Among cities with a univer-

sity that has a college football team, West Lafayette, Muncie, and Terre Haute were ranked ahead of Bloomington among small cities.

The report also showed many interesting Super Bowl statistics with Super Bowl LVIII unfolding between Kansas

City and San Francisco in Las Vegas:

- \*\$6,680: The average cost of a ticket to the past five Super Bowls.
- \*\$8,586: Lowest price of a Super Bowl LVIII ticket on resale market after conference championships.
- \*16.2 million: Americans plan to watch the game at a bar or restaurant.
- \*192 percent: 20-year increase in cost of a 30-second Super Bowl commercial; cost is \$7 million this year.
- \*\$157,000: Super Bowl bonus paid each member of the Chiefs last year; \$82,000 paid to each Philadelphia Eagles player.
- \*112.2 million: Americans plan to throw or attend a Super Bowl party.
- \*14: Number of people expected to attend the average Super Bowl party.
- \*8,083: Average calories per person for a football party feast.
- \*35 percent: Increase in pizza deliveries on Super Bowl Sunday compared to a regular season NFL Sunday.
- \*74 percent: Americans say they eat more during Super Bowl than any other sporting event or party.
- \*75 percent: Chips and dips ranking as favorite Super Bowl party foods, then it's chicken wings and pizza as favorites.
- \*50 million: Cases of beer sold on Super Bowl Sunday.
- 18.8 million: Number of people who will miss work on the day after the Super Bowl.
- \$1.3 billion: To be waged legally on Super Bowl LVIII, 20 percent increase over 2023; Indiana is one of 38 states that allows betting.
- Southsiders can view Super Bowl LVIII telecast Sunday at 6:30 p.m. on CBS-TV, CBS4 locally, and a kid-friendly telecast on Nickelodeon.

### MISS PENROD AND SHELBY WRIGHT

I totally enjoy most of the postings that I read on Facebook. I relate to lots of friends and family. There are several organizations that I stay connected with that support animals and others that relate to school bus drivers.

I enjoy the Southport High School Alumni account and some of the class connections. A week or so ago, the alumni page posted a large photo of Blanche Penrod. Miss Penrod was a graduate of Southport High School and Indiana Central College. She was dean of girls at Southport for 43 years, retiring in 1969. She was also a biology teacher and served as chairperson of the biology department.

Most of the students in my class, especially the girls, had heard many stories about Miss Penrod and her stern explanations that she passed out to female students. I sometimes would hear Miss Penrod stories and I doubt those stories ever caused a smile.

Our class started into high school as sophomores. The high school was still found in the old building on Orinoco. On my first day as a high school student and I walked into my last period of the day class, I was stunned. Our biology teacher was Miss Blanche Penrod.

She was very stern as she explained what our goals and expectations were for the year. We were assigned seats and books that day. We were also given a homework assignment that was due on the following day.

This continued for several days. Miss Penrod was all business. About the second Friday of that school year, we walked into the biology room and a motion picture projector and screen were set up. After the bell sounded and everyone took their seats, Miss Penrod explained to all of us that she learned and understood that students learned nothing during the last hour of school on Friday.

For that entire school year, our 6th period biology class watched enjoyable movies on Friday afternoons. We would be given homework assignments that were probably due on the following Monday.

Not many of my classmates experienced this 6th period movie party hosted by Miss Penrod and still to this day when I am talking with classmates and Miss Penrod's name comes up, I retell this story.

One of the young ladies that I met (Shelby Wright), drove to school and was a helper on my Beech Grove School Bus route. I met Shelby when she was in kindergarten, and we are still friends today.

Shelby is now an English teacher at Beech Grove Middle School. I read something she wrote last week about the joy and understanding of seeing some of her students start the process of moving from young children to the beginnings of adulthood. She explained how much she loves what she is doing. It is such a magical transformative period for many of them and how thankful she is to see and reflect a bit of their light. She then invited them to bring PlayStation controllers and play Fortnite with friends during the last part of a Friday afternoon in her classroom.

I quickly traveled from 2024 back to 1958 connecting Blanche Penrod and Shelby Wright. My wife, Lyn, has listened to Blanche Penrod stories for years. She was also amazed when I told her about Shelby's understanding of Friday afternoon learning.

Shonk is a 1960 graduate of Southport High School, a '63 grad of Indiana Central College (now the University of Indianapolis) and a retired bus driver from Beech Grove Schools. He can be reached through email at [fdshonk@aol.com](mailto:fdshonk@aol.com).

She went on to explain how she went to another community where women had to fill jugs with dirty, brown water from a pond and carry them back to their homes and use that dirty water for drinking, bathing and cooking. Castor also explained how half of the children die before their fifth birthday from deadly diseases caused by drinking dirty, unsafe, and contaminated water.

"World Vision is doing amazing work, and I am so glad I get to be part of it," Castor said. "I am glad that I said yes to that invitation 6 years ago, because a lot of lives have been changed forever," Castor told *The Southsider Voice*. # No. 2 Center Grove becomes only Southside team in girls' playoffs

By Al Stille  
Editor

Four Southside teams reached sectional championship games but only one team – No. 2-ranked Center Grove – emerged with a trophy.

The Trojans, as predicted, took care of business in the Mooresville Sectional defeating the host Pioneers, 61-41 after marching through Bloomington South, 47-20 and Greenwood, 47-24 to reach the championship game.

Juniors Ava Grant, 18 points, and Lilly Bischoff, 15 points, led the Trojans against Mooresville. Senior Aubrie Booker chipped in 11 points with classmates Audrey Annee adding nine points and Rachel Wirts eight points.

The Trojans are riding an 18-game winning streak.

Center Grove has 23 sectional championships and seeks its sixth regional title Saturday at 1 p.m. against Bedford North

Lawrence (20-4) on the Stars' home court. The high-ranking Trojans are chasing the program's first state title since 1996.

Franklin Central fell at Pike in a title thriller Saturday to the host Red Devils, 61-60. The Flashes were among five Southside teams in the seven-team 4A Pike Sectional field. FC spilled Ben Davis in the Friday night semifinal, 67-61 but Roncalli (13-9) fell to Pike, 62-39.

Resurgent Whiteland reached the title game of its 4A Sectional but fell to rival Franklin, coached by former Perry Meridian coach Mike Armstrong, 45-42 Saturday. The host Warriors downed East Central, 52-23 and Columbus East, 50-39. The Warriors finished with 12 wins for the second straight season.

At Eminence, Greenwood Christian Academy thumped Providence Cristo Rey, 87-6, and then met the host Eels in the championship game before falling, 52-26 Saturday. The Eels defeated Lutheran in an opening sectional thriller, 49-46.

Yes, Saturday's 61-60 loss to Pike in that team's sectional championship game was a heartbreaker.

But the Flashes' coach opted to look at the big picture.

"This program has 100 percent turned a corner," said that coach, Vince Cerbone. "I attribute that to our senior legacy. We have great senior leadership. They pushed all these girls."

Those seniors are Carys Wilson, Kaylee Rohrman, Sophia O'Brien and Lauren Baker.

"I'm proud of the kids," Cerbone said. "There's no negative to it." Just heartbreak.

The Flashes gave it their all. Freshman Payton DuVall played more like a senior. She used her 6-2 length to battle inside well enough to lead all scorers with 22 points on seven field goals and eight free throws. Another freshman, Aniya Doughty, scored 10 points on two 3-point field goals and two twos.

Wilson scored eight on two field goals and four free throws. Yet another freshman, Ashlee Baker, scored eight on one two and two 3's. Junior Lily Graves and freshman Riley Huotari added four each and junior Emma McVey hit one 3-pointer.

DuVall scored nine in the fourth quarter. Wilson's field goal accounted for the only other points in the final frame.

Diminutive freshman Saniya Smith and senior Morgan Crowe scored 16 each to

lead the Red Devils.

What hurt most was the fact that the Flashes appeared in control midway through the final quarter.

They established a 58-50 lead with 4:20 remaining. If they could increase the lead, that might be enough. If the Devils could decrease that lead, they could be back in it.

"I felt two or three different times we were just on the edge," Cerbone said. "We just couldn't get it there. We needed a killer instinct."

The Flashes were still up by four with just under two minutes remaining, and they blocked a shot by Smith. But instead of getting the stop, the ball bounced to Jazlyn Miller, who knocked down a 3-pointer to cut the lead to 60-59. When Franklin Central did not score on its ensuing possession, Pike ran the clock down a bit before Komari Booker hit a shot to put the Devils ahead.

The Flashes had time. They missed a shot, but in grabbing the defensive rebound, a Pike player appeared to step on the end line under the FC basket, but there was no call.

Instead, there was then a big scramble near the Devils' basket, with a Pike player called for traveling after diving on the loose ball.

With 6.3 showing, the Flashes hustled the ball up the right side. They passed to Graves, who put up a 3-pointer near the FC bench. The shot bounced off the rim as time ran out.

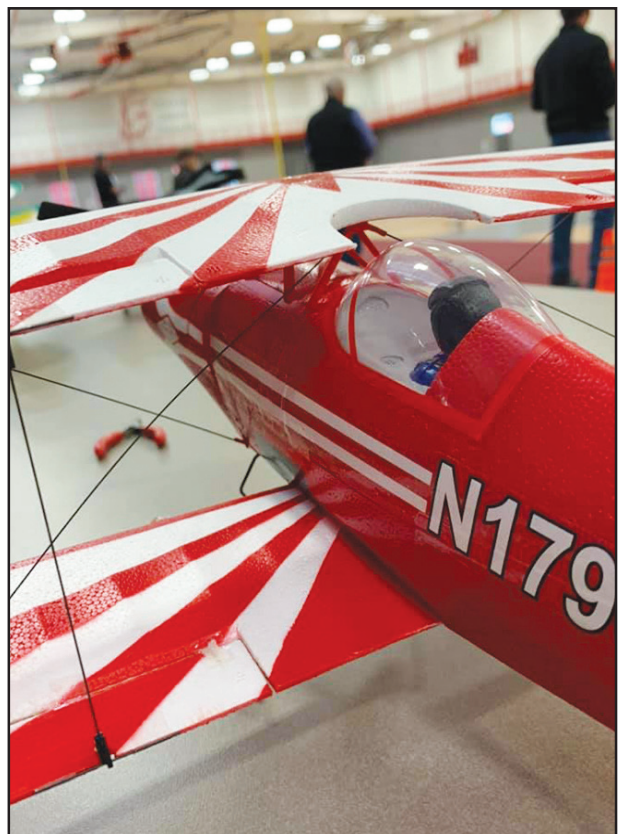

"It is a game of runs," Cerbone said. "They made plays in the last two minutes; we did not. But I'm still proud of the girls."

Payton DuVall, Franklin Central's 6-2 freshman, puts up a left-handed layup over a Pike defender during Saturday's IHSSA sectional championship game.

One of the biggest fundraising events for the Center Grove High School RC Flying Club unfolds with their third annual indoor swap meet and indoor fly-in at the high school Saturday, Feb. 10.

All events are open to the public. The swap meet is 8 a.m. to 11 a.m. in the Hall of Excellence (entrance No. 9) with the fly-in from noon to 4 p.m. inside the 59,500 square-foot Student Activity Center (entrance No 8). Activities are open to the public. General admission is \$5 for adults all day (8 a.m. to 4 p.m.) with free admission for kids. Additional \$10 fee for fly-in participants. Doors open for the fly-in at 11:45 a.m. Concessions available for purchase, including drinks, water, candy, and snacks.

The swap meet features many vendors from central Indiana and the Midwest.

"I feel this is a great community (Midwest) outreach activity to bring people together who an interest in RC of all types," said Brent Schulz, CGHS engineering and technology department head and club sponsor, said, "People who have come out to fly in the Student Activity Center have

really enjoyed the scale of the building. They are able to bring smaller, faster planes, they'd have to fly outdoors but have more difficulty seeing. This is one activity the space (SAC) is great for."

Proceeds from fees benefit the high

school's radio control flying club that was founded in 2016 by Schulz, who was introduced to RC plane building and flying as a high school student in Racine, Wis.

The club has 20 active students who meet after school and can fly during enrichment periods, evenings, or weekends.

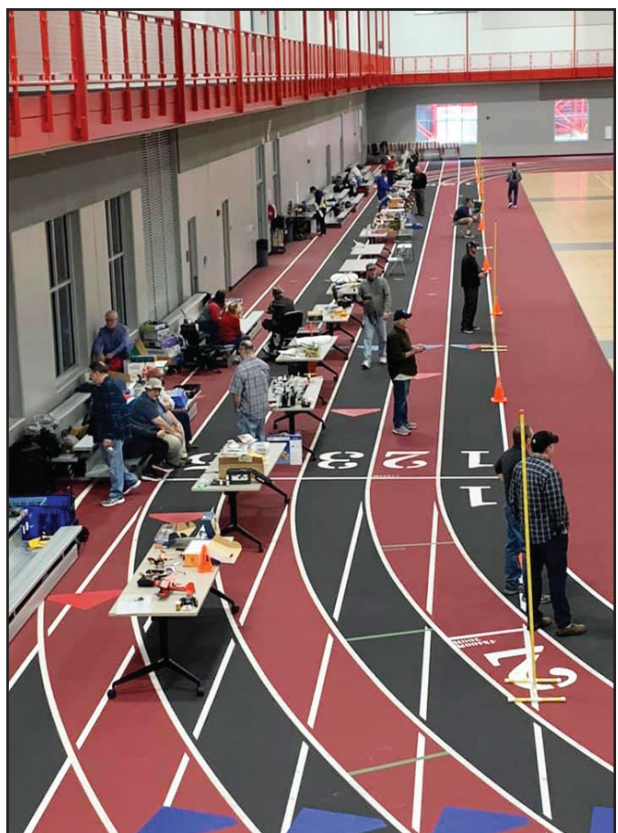

Schulz expressed his gratitude for the support and participation of Indy South RC Flying Club members for the high school flying club's activities.

"There is a strong representation of their club members at the winter events," Schulz said. "These club members also help the students learn about various electronics, flying techniques, fixing items, and donate various items to the club in order to keep the students flying."

He also emphasized that flying club students learn many different skills including people management, organization, STEM applications, problem solving and troubleshooting skills as well as all the skills needed to build and fly RC planes.

The club will soon transition to its outdoor season on their own student FAA Recognized Identification Area.

## PUBLISHER'S MEMO

# Newstand updates

For decades, **Dinner Bell Markets on Shelby St.**, has been one of our biggest newspaper hubs for our readers, and I thank them for that. Distributing 400-600 newspapers weekly.

**CHANGES:** Last week they decided to make a business move and remove all newspaper racks and stop that process to make room for more merchandise. We understand that business is business.

We had a large amount of calls following that change, but I loved the chats with those that called frantic on where to find the paper. It was so nice hearing so many positives about our paper and thanking us for continuing to publish. Many said they wished we published a daily. *Maybe someday.*

### A group of McDonalds

on the Southside also got rid of racks when they took over ownership.

We are still in the following McDonald's locations:  
**7911 US 31 South, 46227**  
**2524 County Line Rd., 46227**

The closest locations to pick papers up are:

# FACEBOOK update

On Dec. 21, my personal Facebook page was hacked. Since that time, the hacker is impersonating me and sharing **FAKE NEWS** implying that I'm a crypto broker. Not true.

I'm still happily publishing *The Southsider Voice*, Decatur Township zoned edition and CLASSIFIEDS East and West and will continue to do so for many, many years.

My staff and I love what we do and are blessed to share positive news. We appreciate our readers and our wonderful advertisers that support us weekly.

I apologize to my more than 1,000 friends/contacts for the confusion that this has caused, and hoping none of you have messaged the hacker as they've requested.

They are continuing to make posts with pictures of couples holding large paychecks that I've supposedly helped, also not true. I've tried everything to get this handled with Facebook / Meta, but the hacker removed my email, so all of the help center platforms are useless - stating they can't locate my account. *Note: I did get email notifications from Facebook of all of the changes the hacker was making, however, by the time I read them and replied "Wasn't me", it was too late.*

I immediately went to my profile and was able to capture a screenshot of the email they used to hack it.

I even filed a claim with a fraudulent site through the government.

I also sent (Facebook / Meta) a

certified letter with copies of the screen shots I was able to collect during this nightmare. I've tried many options, but I know I'm not alone in this dilemma. I'm hearing stories from many going through this too.

I stopped by Southport Police station on Thursday and spoke with Sgt. Webb.

He shared I need to file an identity theft report with IMPD and they will take it from there.

I was nearly in tears and so grateful for his advice.

The hacker is still posting, but I did create a new Facebook page with a new email and set up all the securities. I'm finally building my contacts and so glad to be back with my friends and family.

# HOROSCOPE

**ARIES** (March 21 to April 19) You might feel bolder as each new success falls into place. However, caution is still advised throughout the end of the week. Taking it step-by-step is the best approach.

**TAURUS** (April 20 to May 20) The cooperation that you request could come at too high of a price. Since few can beat the Bovine at being clever and resourceful, why not see what you can do on your own?

**GEMINI** (May 21 to June 20) Aspects favor a quieter time to get closer to the people who are especially important to you. There's always much more to learn and appreciate about each other.

**CANCER** (June 21 to July 22) The concerned Crab will act to resolve workplace misunderstandings before they get out of hand and cause serious problems. Co-workers rally to support your efforts.

**LEO** (July 23 to August 22) What the Big Cat might see as a disturbing act of disloyalty might just be a failure of communication on both sides. Take time for mediation rather than confrontation.

**VIRGO** (August 23 to September 22) Be more patient with those who seem unwilling to accept your version of what's right. The fact is, there's a lot more to learn on all sides of this issue.

**LIBRA** (September 23 to October 22) It should be easier for

you to assess the facts and make an important decision. But don't commit if you still have doubts. There could be more you need to know.

**SCORPIO** (October 23 to November 21) Your excitement level remains high as you continue working on a new project. Expect some setbacks, but on the whole, all will move pretty much on schedule.

**SAGITTARIUS** (November 22 to December 21) It might be wise to be more prudent with expenses

right now. But your financial situation should soon clear up, and you could be back shopping as happily as ever.

**CAPRICORN** (December 22 to January 19) You might prefer sticking with your current schedule, but some newly emerging information could persuade you to consider a change. Keep an open mind.

**AQUARIUS** (January 20 to February 18) You might want to reject a suggested change, but it could be wise to go with the flow, at least for a while. You can always return to your first plan if you like.

**PISCES** (February 19 to

March 20) You're bolstered by both the practical and poetic sides of your nature as you maneuver some unsettled emotional situations. Things ease up by week's end.

**BORN THIS WEEK:** People respond to your generosity and wisdom. They consider you a treasured and trusted friend.
